Date:	15.03.2020	Based in:	Granada
Start Date:	March 2020	Team/Reports:	--

JOB TITLE:

GLOBAL COMMODITY MANAGER

JOB SUMMARY:

Here at THIELMANN we are working on a number of exciting new global change projects. Amongst these, we are restructuring the Purchasing Department in order to increase efficiency.

As part of the restructuring, a newly created position has emerged of a Global Commodity Manager. Working directly with the Global Head of Procurement, this is an exciting opportunity for someone looking to bring the new structure to life whilst driving new projects. The candidate is expected to have experience in the field of commodities as well as strong negotiation and communication skills. English, German and Spanish (spoken and written) is required.

RESPONSIBILITIES:

- Assure that the necessary commodity sourcing structure are in alignment with set timeframes
- Develop and implement productivity programs/measures to achieve the maximum contribution to the targets
- Responsible for our “*Manage, Make or Buy*” strategy
- Define, coordinate and implement Commodity and Pooling strategies
- Foster and lead the initiatives related to the improvement of the cost and efficiency of the Materials, Components, Investments and Services used in order to meet the company’s objective.
- Identify, define and implement the appropriate negotiation frameworks (including concepts and strategies) to maximize savings
- Supplier Management: Supplier selection, regular supplier and strategic evaluations, supplier qualification and supplier development to obtain and develop the best suppliers and to ensure an optimum supply chain.
- Commodities:
 - Hydraulic and pneumatic components
 - CNC Turning Stainless Steel parts
 - Stainless Steel Sheets
 - Stamping metal parts

QUALIFICATIONS:

- Engineering, Economics or Business Administration Degree
- More than 3 years of Purchasing experience in similar capacity / industry
- International experience and adept to working with other cultures
- Good spoken and written communication skills
- Excellent negotiating, networking and business strategy skills
- Proficiency in English, Spanish and German
- Experience using Microsoft AX
